

## Parent Endorsements

“When we moved to the mountain, it was important for us to find a child care provider that would offer the same kind of care, love, and structure that we do at home. We have found that at Mount Carmel Baptist Child Development Center. From the nursery to the current room, all of our teachers have welcomed us with a smile every day and are always happy to see our little one. We receive a daily report and her teachers are always willing to chat with us in more detail. As our child has gotten older, she can now tell us about her day and how much she loves her teachers! We have had the opportunity to watch our child truly grow and thrive in the Mount Carmel CDC program.

Thank you to all the teachers at Mount Carmel for the genuine care, compassion, and patience you give our child each and every day!

Thank you,

**Chrissy**

Mount Carmel CDC has made a wonderful environment for my children to grow. My three year old looks forward to “school” every day, and loves all of the staff there. The staff genuinely cares for my children and have worked hard to keep me involved and up-to-date on what my children learn and do each week. My daughters are thriving at Mount Carmel CDC!
